## WORK EXPERIENCE

### Skilled Force (formerly Nausal Technologies)

Jan 2025 - Present | Islamabad, Pakistan

Junior Web Developer & AI Content Specialist

- Designed and deployed the CareerBooster website with responsive UI using React and CSS frameworks.
- Integrated AI-based content automation pipelines, boosting content generation efficiency by 40%.
- Collaborated with cross-functional teams to ensure usability and maintainability of front-end features.

### Trendtial

Oct 2024 – Nov 2024 | Remote, Pakistan

Web Developer Intern

- Developed and maintained real estate web applications using React.js, Tailwind CSS, TypeScript, and SQL.
- Integrated APIs for real-time property data retrieval, enhancing app responsiveness and data accuracy.
- Improved performance and accessibility, achieving faster load times and smoother UX.

### Attock Petroleum Limited (APL)

July 2024 – Aug 2024 | Rawalpindi, Pakistan

Management Information Systems Intern

- Customized SharePoint forms and automated workflows, streamlining IT support ticket management.
- Supported technical operations and internal onboarding, ensuring smooth digital workplace setup.

## PROJECTS

### VisaVista – Immigration Consultancy Platform

**Technologies:** HTML, CSS, Bootstrap, React.js, TypeScript, REST API

- Developed a responsive web app for visa tracking and document management with REST API integration and a clean, user-friendly interface.

### Real Estate Management Portal

**Technologies:** React.js, Tailwind CSS, TypeScript, SQL

- Built an interactive front-end dashboard for property management with secure SQL data integration.
- Enabled agents to manage property listings, client communication, and transaction history efficiently.

### Tr Tech – Marketing Company Website

**Technologies:** HTML, CSS, Bootstrap, React.js

- Developed a responsive marketing website with dynamic content sections and optimized layouts to enhance user engagement and brand visibility.

### Taskly - To-Do & Productivity App

**Technologies:** HTML, CSS, JavaScript (ES6+), React.js, Firebase

- Built a responsive task management app with CRUD features using React and ES6+. Integrated Firebase for data storage and designed a clean UI with HTML and CSS.
